## Tightly-Bound Matron Strangles

# 5 Girls Escape Summit Home

AKRON, Ohio (AP) — Five young girls carried out a well rehearsed plan to trick a gray haired matron and escape from the Summit County Detention Home Sunday night. The tightly bound matron was strangled to death before help reached her.

Early today two of the girls walked into police headquarters and gave themselves up. An acquaintance and a brother of one

of the girls had talked them into the surrender.

The victim of the escape was Mrs. Eula Bonham, 59, who had been a matron at the home for 16 years. Her body was found on the floor of the dormitory. She had been bound with cloth belts from the print house dresses all the girls wore. A washrag, soaked with ammonia which the girls had been hoarding from the cleaning duties, had been jammed into her mouth.

Coroner W. J. Pittenger said death was caused by strangulation, with suffocation as a possible additional cause.

Mrs. Bonham, whose first marriage ended in divorce years ago, had planned to be married Thursday to an Akron rubber worker, Everett Jones, 60.

Merl Cain and Margaret Nicholson, both 15, were the pair who gave themselves up shortly after the escape.

## Rural Lisbon Home Burned

Geo. Everett Family Homeless After Fire

LISBON — A Lisbon area family of five was looking for a place to reside today after their 8-room frame home was gutted by fire Saturday night on the Lisbon-Salineville Road, about three miles south of Lisbon.

George H. Everett, his wife, Margaret, and their three children — Kenneth, 18, Alice, 16, and Lois, 11 — are staying with Mr. Everett's brother, Harvey, of 516 W. Washington St., after they fled from their home at 11:50 p.m. Saturday.

Firemen fought the fire which began in a closet under the upstairs stair well, just off the kitchen, for more than three hours. Cause of the fire has not been determined.

The home, estimated to be worth \$15,000, was partially covered by insurance.

The father said he fell asleep while watching television and awakened just before midnight when he smelled smoke. He went upstairs and awakened his wife and two daughters who were in bed. The son was away at the time.

Mrs. Everett called the Lisbon fire department about 11:50 p.m. and the firemen were on the scene in 10 minutes.

Firemen were able to save the family's electrical appliances, living room furniture and TV set, but all upstairs furnishings and belongings were destroyed.

Firemen emptied their booster tank and a big cistern and also used water from a civil defense tanker in fighting the fire until past 3 a.m. Sunday.

Other buildings on the property — a barn, garage, tool shed, workshop and two chicken houses — were untouched by the fire.

The family had lived in the home since 1943. It was about one-fourth of a mile off Rt. 164.

Mr. Everett is a power shovel operator for the Torrence Coal Co. of Lisbon. He also does some farming.

## Elks Plan Memorial Rites For Sunday

Tribute will be paid to the memory of departed members, including six who died during the past year, by Salem Lodge No. 305, B.P.O. Elks, at its annual memorial services at 2:30 p.m. Sunday in the Elks Home.

The Rev. Harry Barrett, rector of the Church of Our Saviour, will deliver the memorial address, while C. Robert Conroy will give the general eulogy to the deceased members. The Rev. Fr. J. R. Gaffney, pastor of St. Paul Church, will give the opening prayer and benediction. Soloist will be William S. Frew of Lisbon.

Members of the lodge who died during the last year are Albert Kaufman, Arthur S. Greenmeyer, Dr. J. W. Astry, Dr. C. M. Koch of Columbiana, Dr. Harry Bookwalter of Columbiana and Ed I. Snyder of Miami, Fla., formerly of Salem.

R. Max Gard, exalted ruler of the lodge, will have charge of the opening and closing memorial ceremonies, assisted by Edmund C. Blackburn, leading knight; Harold Parker, loyal knight; Paul Lau, lecturing knight; Patrick Nocera, esquire; Raymond Luxiell, inner guard; Ray Kenneweg, secretary, and Harry Snyder, chaplain.

## Wellsville Boy, 13, Is Struck By Car

Robert Haddox, 13, son of Mr. and Mrs. Raymond Haddox of Campground Road, near Wellsville, was struck by a car driven by Theodore Allison of Wellsville on Kountz Ave., Sunday. Police said the boy ran in front of the car. He is in critical condition in East Liverpool City Hospital with a fractured skull and other injuries.

## 3 Persons Hurt In Road Mishaps

Highway Patrolmen Cite Two Drivers

Three persons received minor injuries in three traffic accidents investigated by state highway patrolmen over the weekend. Two drivers were cited.

Two Cleveland residents were hurt in a three-vehicle collision on Rt. 46, 100 feet south of the Mahoning-Columbiana County line, at 3:30 p.m. Saturday.

According to patrolmen, a southbound car operated by Anthony Cochran, 38, of Cleveland, struck the rear of a dump truck driven by James Jackson, 30, of Salineville, as Jackson slowed down to make a left turn. After hitting the truck, the Cochran car rebounded and collided with a northbound car operated by Jacob Nelson, 34, of Canfield, and then hit a stop sign on the left side of the road.

Injured were Cochran, lacerations of the mouth, and Elsie Burt, 35, of Cleveland, a passenger in the Cochran car, multiple abrasions of the body, legs, arms and face. Both were treated at Salem City Hospital and released.

Slight damage was sustained by the Nelson car and the Jackson truck, patrolmen said, while the Cochran auto was damaged considerably. Cochran was cited by patrolmen for reckless operation.

In another mishap, which occurred on Rt. 7, three-tenths of a mile south of its intersection with Rt. 14, at 6:15 a.m. Sunday, icy pavement over a small bridge caused a truck-car sideswiping, bringing minor injury to a 33-year-old Youngstown man.

According to patrolmen, Albert Gennaro, 35, of Campbell, driving his car north, attempted to pass a small truck operated by George Yonkovich, 41, of New Waterford. The two vehicles then sideswiped on the slippery road and both hit a guard rail on the left side of the road.

Injured in the crash was Raymond Mashorda, 33, of Youngstown, a passenger in the Gennaro auto, with a sprained foot and

## Atkinson Amplifies Reasons For Quitting Planning Group

Atty. Ralph Atkinson, who resigned Saturday from the City Planning Commission, today amplified the reasons which prompted him to take that action.

Atkinson's resignation climaxed a dispute between himself, secretary of the commission, and Michael Baker Jr. Engineers of Rochester, Pa., the firm hired by the city to conduct an arterial highway survey and draft a city comprehensive plan.

Atkinson said the proposal of the engineering firm to build a bypass highway from the Millville Hill bridge north of the city and intersecting with Rt. 62 west of Salem might destroy Salem's enviable position as a mercantile center.

The attorney declared the engineers were hired to find a way to alleviate conditions here caused by "long distance" traffic, without affecting the traffic from nearby towns whose residents customarily do their shopping here.

He stressed re-routing of traffic at points long distances from Salem would not damage the city's mercantile economy, but that the construction of a bypass immediately around Salem would do irreparable harm.

"A highway plan designated solely from the point of view of the state and federal highway departments' interest in facilitating the movement of through traffic could readily destroy, in a few years, Salem's enviable position as a retail center for our trade area of about 100,000 people," he said.

Atkinson added, "Were the traffic from Lisbon, Columbiana, East Palestine and other nearby communities completely bypassed around us, many people in those communities would live and die without ever again seeing downtown Salem, just as many Salem people have lived and died without ever having seen downtown Alliance."

The former commission member declared the Baker engineers had never invited, "and to this day don't know" the views of the City Planning Commission on the arterial survey.

"Our object," Atkinson said, "was to prevent the very thing they have proposed as a means of alleviating traffic conditions here. It is most assuredly not a plan which will benefit Salem's mercantile economy."

**City Water Consumption Shows 7 1/4 Million Increase Over '54**

City water consumption has increased a total of 7,241,000 gallons during the first ten months this year over that used during the same period in 1954, Aubrey Hayes, water superintendent, reports.

Official figures reveal that 483,714,000 gallons of water have been pumped for the January through October period this year, compared to the pumpage of 476,473,000 gallons in the identical period last year.

According to Hayes, the yearly budget for the water department was \$184,000, or an increase of \$21,170 over the 1954 figure of \$162,830. A balance of \$37,051.11 has been recorded in the yearly budget to Nov. 1, as compared to \$38,094.46 at this time in 1954, Hayes said.

## 1,400 Begin School Study

White House Education Conference Is Started

WASHINGTON (AP) — American mothers, fathers, teachers, businessmen — a 1,400-member cross section of the population — gathered today for the four-day White House Conference on Education.

Many were loaded with questions on one of the most controversial issues in the educational world today — federal aid to schools, due for discussion Wednesday.

Delegates to 18 of the state conferences preliminary to the national conference took a stand on the question. At several other state meetings it was discussed without recommendation.

Of the 18 conferences, a dozen approved federal aid, but almost every one of these tackled it from a different direction. Some declared for federal aid of any kind, some only for construction assistance, some for federal funds "without strings."

Some approved it in principle "for other states if they need it."

Legislation now before Congress calls only for federal aid for school construction, not for operation, teachers' salaries or purchase of books.

The conference was called by President Eisenhower nearly a year ago to dig out "the information with which to attack these serious problems" in education. It will take up six main points: school aims, organization, building, faculty needs, financing, and public interest in education.

## 2 U.S. Congressmen Held Prisoner By Red Police 4 Hours

BERLIN (AP) — Two American congressmen were held Sunday in the Russian sector of Berlin for more than four hours. The incident challenged some of the Allied occupation rights in this four-power city.

U. S. officials disclosed that East German Communist police detained Rep. Harold C. Ostertag (R-NY), Ostertag's wife, Rep. Edward P. Boland (D-Mass.), and their escort

officer, Lt. James T. McQueen, of Mullins, S. C.

The party was held at pistol point at the Russian war memorial center in Treptow. The German police contended the visitors had violated the laws of the Communist state by using an automobile equipped with a two-way radio.

**Russians Supported Claim**

U. S. authorities said that the Russians supported this claim later in the day when the Americans' release was secured. American officials took this to mean that the laws of the East German republic now could be applied to Allied personnel entering East Berlin. This would in effect weaken, if not destroy, the four-power character of the divided, occupied city.

**U. S. Study Reveals New Soviet Strategy**

WASHINGTON (AP) — A preliminary U. S. study pictures Communist strategy for Round 2 of the cold war as this: Hold the line in Europe and push steadily south in the Middle and Far East.

Such relentless downward pressure from the Russo-Red Chinese empire, this study indicates, is not the kind that can be checked solely by a "policy of containment" such as the Truman administration devised to hem in Soviet military power.

**No Single Solution**

The new Communist plan is viewed as involving much more than that — economic aid and trade concessions, for instance — and as being too complex and too subtly applied for a single solution. Further U. S. countermeasures are expected to be developed as the study being conducted by the highest councils of the government, progresses.

Still there, of course, are the Russian bear's muscle and growl — Soviet military might and the threat to use it. This was nowhere better demonstrated than in the last week's news that Russia has exploded its biggest H-bomb type of nuclear blast to date.

**Mixes Up Plays**

But the new Soviet strategy, as seen by American experts viewing the wreckage of this year's Geneva conferences, mixes up the plays like a talented quarterback operating behind a powerful line.

The Kremlin's combined leadership — calling signals for Red China and the Eastern Europe satellites as well as for the Soviet Union — will strengthen local Communist parties, tempt trade-hungry countries with deals they want and need, run guns to troubled areas, give "big brother" encouragement to uneasy neutrals, promise non-strings-attached help to underdeveloped countries, and on and on.

All the time, the Soviet leaders are expected to taunt the West, particularly the United States, as the enemy of newly free peoples and as supporters of colonialism.

In the Far East, the pressure takes the form of new Communist threats of warfare. Red Chinese Deputy Premier Chen Yi told an interviewer last week about extensive military preparations along the China coast for possible assault on Formosa if talks with U. S. representatives at Geneva break down.

## Salem Mentor For 13 Years Will Retire

Will Continue As Teacher; Record Is 73 Wins, 39 Losses

Ben Barrett, Salem High School head football coach for the last 13 years, said today he was relinquishing his coaching duties now that the 1955 football season had ended.

Barrett said he would make his official announcement of retirement at the Boosters Club banquet for team members tonight at the Memorial Building.

He said he had decided to retire from the coaching profession and devote his full time to academic teaching at the high school. He teaches mathematics, commercial law and consumer's education.

The Salem High School Quakers won three games this year, lost five and tied one. However, Barrett built the squad from a roster of mostly inexperienced players. Next year a new football coach will have at least 22 returning lettermen.

The Board of Education is expected to give early consideration to hiring a new coach.

Barrett explained today that "although I have gained experiences and memories which I always will treasure through my coaching at Salem High, I feel that the opportunity has come for some younger man to take over."

"Faced with a bleak season this year I didn't feel it was right to step out earlier because whoever would have succeeded me would have had a rough beginning year," he added. "Things look much brighter for the next three years," Barrett concluded.

Barrett coached Salem High School football teams have won 73 games and lost 39 in the past 13 years. In addition, there were four ties. The seasons of 1943, '46, '47, and '50 were the best. In 1946 and '47 the Salem High teams won 16 straight victories, records show.

Salem High teams in 1943, '47, and '50 lost only one game during the season's play. Only two defeats were suffered by the 1946 squad.

**Has Been Coach For 24 Years**

Barrett, who has been in the coaching profession for a total of 24 years, 13 of them in Salem, is 48 years old.

The veteran mentor came to Salem in 1932 from Struthers where he had coached the previous five years. Prior to that he assisted his brother, Dick, at Youngstown East High School. In those three years East won 25 games and lost five.

Barrett began his coaching at Ambridge, Pa., in 1932 and in the three years there won 26 games and lost only four.

He was honored in 1946 when he was named "Columbiana County Coach of the Year." In 1941 he served as president of the Mahoning Valley Coaches Association.

Ben and his wife, Edna Mae, and their three sons and two daughters reside at 611 Ohio Ave.

## Snow Flurries, Cold Move Into Ohio

COLUMBUS, Ohio (AP) — Snow flurries accompanied a cold wave which hit Ohio early today.

Early morning lows included 6 degrees at Delaware, 7 degrees at Cincinnati, Toledo, Mansfield and Dayton, 8 degrees at Washington Court House (where the mercury dropped 40 degrees during the night), 9 degrees at Columbus, Zanesville and Canton. Chesapeake reported 20 degrees.

The weather bureau reported the cold wave came with strong west to northwest winds. The snow flurries were mostly over the north and east portions of the state. A low tonight of zero to 10 above is predicted.

## AFL, CIO Unite Next Week Into 16-Million Member Force

## Success Or Failure Of Merged Labor Unions Depends Largely On 1st Chief, George Meany

**Editor's Note**—AFL and CIO will unite next week into a 16-million member force. What are the odds of this group, so-called and political? Will it succeed? Can it reconcile factions long at odds? The answers depend largely on one man, George Meany. This first of three articles by a veteran labor reporter looks at Meany, the man.

By NORMAN WALKER

NEW YORK (AP)—George Meany, erstwhile Bronx plumber, became head of the AFL three years ago. He quickly announced his primary aim was to arrange a merger with the CIO.

It seemed an impossible task. Jealousies and conflicts among ri-

val unions and their leaders had doomed many prior merger attempts.

Considering all the problems, three years has been a short time. For Meany, with his typical plodding, make-haste-slowly approach, has succeeded in steering the American Federation of Labor and the Congress of Industrial Organizations into a single, powerful alliance of 16 million members. It will end a 20-year split in organized labor.

Will the new organization endure? What will this formidable combination mean in terms of new

inroads against employers, in organizing more union members, in influencing national politics—the stated union objectives for the merger?

Answers to these questions largely depend on Meany, the pudgy, 225-pound, coldly practical union veteran. Walter Reuther, dynamic young head of the CIO, has stepped aside and Meany, as the undisputed choice for president of the new AFL-CIO, will be America's No. 1 labor chief.

He has tried to calm the fears expressed by some businessmen and politicians that the merged union federation will become a "giant labor monopoly" seeking eventually to take over control of the government.

"To indicate that the united labor movement will attempt to horsewhip the rest of the country is a complete distortion of the facts," says the blunt-spoken, 61-year-old Meany.

"It is dedicated, not to predatory objectives, but to serve as a force for good in the progress of our country."

The merger is all set. It will be formalized at separate AFL and CIO conventions beginning Thursday, followed next week by a joint convention of the new AFL-CIO.

This joint convention, by the way, will be in an armory just a few blocks from Grand Central Station. The rail terminal is one of the structures Meany helped build when as a young man he was lugging his plumber's wrenches around New York.

Those were the days when Meany's wages were the chief support for his grandfather, his mother and seven younger brothers and sisters. His father Mike, a local union president and Democratic party precinct captain, had died. Meany, Irish as they come, married an Irish girl, a garment workers' union member.

Meany's rise in unionism was swift. Becoming president of the New York State Federation of Labor in 1934, he pushed 72 labor bills through the State Legislature in one year. His achievements led to his selection as the AFL's na-

## RURAL POSTMAN RETIRES

Carl S. Bowman, 60, of 302 W. Maple St., Lisbon, rural letter carrier who has served more than 31 years under four postmasters at the Lisbon Postoffice, will retire Wednesday. Bowman started Feb. 25, 1924, and has worked under W. S. Potts, Frank Adams, James Gilmore, and Earl Richardson, present postmaster. He has carried "the old Elkton route" for more than 21 years. The veteran postman delivered letters from horseback and sleigh in the early days as well as horse and buggy and cars. He once put out a fire on his route, aided a sick woman who was gravely ill, and carried groceries to an elderly woman in bad weather when she was unable to shop.

national secretary-treasurer five years later.

Ever since then, Meany has been a man to be reckoned with in union affairs. While the late AFL President William Green was inclined to compromise and avoid conflict, Meany as his chief lieutenant was constantly prodding Green to take more stands.

Gradually, both before and after he was selected to head the AFL on Green's death in November 1952, Meany quietly took on all the old-line AFL chieftains in tests of strength and, by besting them one by one, has in practically every case earned their respect and support.

The AFL, now with about 11 million members, has been consid-

ered on the whole conservative. The smaller CIO, with about five million members, has often been called "radical" and regarded on the "left" on the American scene.

It appears likely that Meany will try to steer a middle course, whipping the old-line AFL chieftains into more economic and politi-

cal activity while taming the CIO to a more moderate course.

Wonderful New Ride  
with a "Sense of Direction"

Over the years, Buick has always had a great ride.

But each year, Buick engineers find new ways to better it. And in the 1956 Buick comes a ride beyond anything that has gone before—the sweetest ride in Buick history.

We could tell you the why of it...

About a brilliantly engineered new chassis of extra brawn and heft and precision balance...

About new direct-action, deep-oil shock absorbers that snub jars and jolts with full, firm authority—and add new levelness to the car's all-coil springing...

About new V-bracing and new housing rigidity that bulwark the full-length torque-tube drive—bringing new swerve-free steadiness...

Even about a whole new magic of angles and linkage in the front-end geometry to impart a track-true "sense of direction" to the front wheels.

But that's just a telling of it. Only in the driver's seat can you get the feel of it. Only there, too, can you sense the

mighty sweep of Buick's great new 322-cubic-inch V8 engine, now stepped up to an all-time high in power and compression.

And only there can you really know the thrilling double-action take-off of today's new Variable Pitch Dynaflo\*—the spirited action that gives you instant getaway response at merely part throttle, plus utter smoothness through every inch of travel.

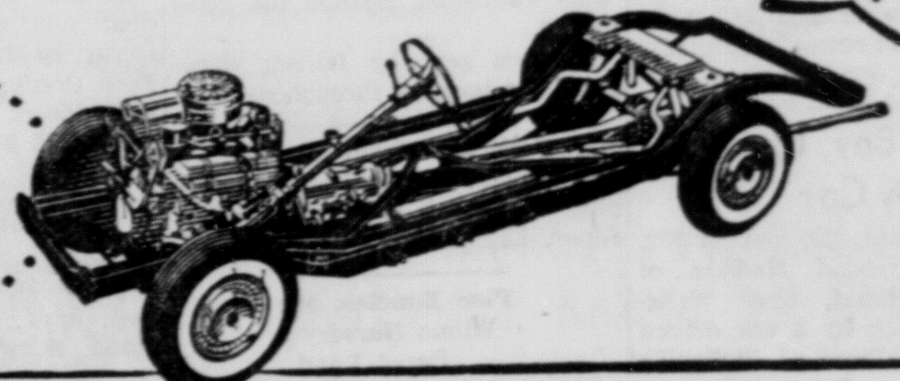

Come in for a visit, this week—just to sample at firsthand the sizzle and thrill and ride sweetness in the best Buick yet.

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

Brawny Reason for the Best Ride Yet is Buick's massive new chassis—and its brilliant engineering is shared by no other car in the world.

It's the '56 Buick—

## Traffic Toll Shows Decline

Six Killed On Ohio Roads Over Weekend

By The Associated Press  
Prospect for a highly successful Safe Driving Day period appeared bright today after Ohio's weekend traffic death toll reached a new season low.

Only six persons—two in one accident—were killed on state roads from 6 p.m. Friday to last (Sunday) midnight.

Safe Driving Day will be Thursday, Dec. 1, but the traffic caution campaign began 10 days before that date and will extend for 10 days after S-D Day.

A 49-year-old Wauseon man was killed in the crash of a single engine airplane yesterday, and a Xenia man died when his arm was torn off when caught in a conveyor belt.

The list of fatalities:  
Friday night:  
Robert E. Altman, 18, 11. Kingsville, in a two-car collision on Ohio 7, south of Conneaut.

Saturday:  
Gerald McDermott, 32, Mayfield Heights, when his car rammed a tree in Cleveland Heights.

Sunday:  
Gerry R. Wilkin, 18, Convoys, when his car left a Van Wert County road and crashed into a wooden bridge northeast of Convoys.

Edward J. Cassidy, 49, Wauseon, when the small single-engine plane he was flying crashed and burned on take-off from Delta Airport (Fulton County).

Daniel G. Hayslip, 39, Xenia, when his arm was torn off as it caught in a conveyor belt at a cement plant in Fairborn (Montgomery County).

Mrs. Rissie McClure, 46, and her son, Larry, 23, of Hartwell, near Cincinnati, when the youth's car crashed into a tree in Deer Park (Hamilton County).

Henry R. Foster, 52, Kirtland, struck by a car in Willsborough (Lake County).

## Lausche Seen Top Moderate of Party

TAMPA, Fla. (AP)—Adlai Stevenson is finding more favor in the eyes of Sen. Holland (D-Fla.), but Holland says Gov. Frank Lausche of Ohio better meets the requirements for a moderate Democratic presidential candidate.

Holland said yesterday, "He (Stevenson) is moving closer to the standards I think the country needs and the party needs. He may be the best we have . . . but I still am not sold on him."

In 1932 the senior Florida senator voted for Stevenson and helped raise money for him, but took no active part in the Stevenson campaign.

He did not elaborate on his selection of Lausche as the leading moderate among the Democratic governors.

## Bing Crosby To Star In Another Movie

HOLLYWOOD (AP)—Rumors that Bing Crosby planned to quit the singing and acting business came to a quick end Sunday. It was announced he'll co-star in another movie with Grace Kelly.

The film will be a switch from their dramatic "The Country Girl" to a musical, "High Society."

In the new film, MGM said, Miss Kelly will sing for the first time on the screen. Cole Porter will write the songs.

## Aerial Photos—Before There Were Planes

THIS REMARKABLE kite photograph shows Pittsburgh's "Golden Triangle." The picture was not dated, but identification of structures indicates it was made some time after 1904.

Orville Wright made the first airplane flight in 1903. His shaky craft rose only a few feet off the ground. Yet even before the Wright brothers flew, J. Fred Haworth, of Edgeworth, Pa., was making remarkable aerial photographs (see above) without ever leaving the ground. He did it with a camera suspended in the air by a powerful kite. His kites rode on five miles of piano wire from a reel set in a large wooden frame and powered by a small gas engine. The camera was fastened to a small platform, which hung below the kite. Haworth would send the kite aloft, set a camera on the platform, insert a glass plate and focus the lens. Then the platform would sail skyward. The shutter was triggered by an ingenious device Haworth called a "messenger." It resembled a small umbrella on rollers. The wind would catch the umbrella and speed it up the piano wire to trip the shutter. Haworth was born in Troy Hill, Pa., in 1866. He made hundreds of aerial photos, many for serious scientific research. By 1920, the airplane had made his technique obsolete. He died in 1928.

HERE'S ONE OF the many kites Haworth used to get his cameras thousands of feet into the air. The powerful kites were capable of lifting a man off the earth.

## 3 Women Excommunicated For Attacking Teacher of Negroes

ERATH, La. (AP)—The segregation issue flared again today in religious ranks after the excommunication of three Roman Catholics for beating a woman teacher who instructed Negro and white children in the same classroom.

Bishop Jules B. Jeanmard, head of the diocese of Lafayette in southwest Louisiana, said the decree, his first in 38 years as a prelate, was aimed at three women who allegedly attacked the teacher.

Excommunication is the severest of punishments issued by the Catholic Church. Any Catholic under such an order is forbidden to receive the sacraments, including confession, holy communion and final rites.

The teacher, Mrs. Lula B. Orteman, filed assault and battery charges against Mrs. Etta B. Romero and Mrs. Lota B. Menard, whom she identified as two of the assailants. The third woman in the attack was not named.

The Rev. Emery Labbe, pastor of Our Lady of Lourdes Church, said his policy was to teach catechism to both white and Negro students in the same classroom.

All catechism teaching stopped this week when Father Labbe said he was informed of more threats

of violence if the races were not segregated.

Bishop Jeanmard warned another act of violence would prompt him to close Our Lady of Lourdes. And he added anyone else who threatened violence or interfered with the functions of the church would be automatically excommunicated without further notice.

The excommunication decree will stand, he said, until those under punishment "have repaired the scandal they have caused the church."

## Ohio Barber Cited For Overcoming Handicap

CHICAGO (AP)—C. Dudley Williams, a Marion, Ohio barber, has been cited for best exemplifying the theme, "Conquering Crippling."

The theme is that of the Na-

tional Society of Crippled Children and Adults which yesterday cited Williams for being a "productive, self supporting member of his community" despite the loss of his right leg.

Williams, 57, lost the leg when he was hit by a train at the age of 15. The society's award is given annually to the individual "determined to outwit his disabilities." Williams became a tool and die maker after his accident and now owns his own barber shop.

## Deception Backfiring

By DAVID LAWRENCE

## Democrats Blundering Into 'War Party' Role

Are the Democrats blundering their way into the next campaign as the "war party"? This question is being asked now in view of the tenor of the recent speeches by Stevenson and Harriman.

Lawrence

The two rivals for the Democratic presidential nomination have just given the country a preview of their arguments against President Eisenhower's peace policy, and it looks as if their alternative to peaceful negotiation might only be a belligerent policy that could, if the Democrats won the election, bring on the most terrible war in all history.

What do the Democrats really want? Before Geneva, Stevenson was making speeches demanding that the Eisenhower administration "compromise with the Russians and insisting that there must be no bluster or intransigence in the American delegation's attitude. Now he speaks of the "mists of illusion" at the "summit" conference and criticizes Eisenhower for alleged failure at Geneva. By the same token, Stevenson is criticizing Foreign Minister Macmillan of Great Britain and Foreign Minister Pinay of France, who, with Dulles, formulated the Allied policy at Geneva.

STEVENSON ALSO is demanding more armament. He says:

"America's military might has been reduced — while at the same time we talked louder and tougher. If our threats were sincere, then our pretensions of peace were insincere. If we did not mean what we said, then we were bluffing."

This is a strange role for Stevenson, and it is not made less blinding by his remark that "our position is more perilous than it has been since Korea."

Gov. Harriman, to zzz sure, calls the whole Eisenhower foreign policy "a classic in the history of bungling." Is this because President Eisenhower, with the almost unanimous support of the American people, tried out a policy of conciliation at the first Geneva Conference, as Stevenson and Sen. George urged? The President dealt with the leaders of the Russian government courteously and with the same good nature that has always been so characteristic of his personality. Now comes the backfire from the Democrats.

Much is being said derisively, for example, about Ike's "stilles,"

and there are Democratic party spokesmen who are accusing the President of having been drawn into a supposedly artificial pose by the coaching of "the Madison Avenue Boys."

THE PUBLIC generally may not know what "Madison Avenue" symbolizes. It is a street in New York City where some of the best of the creative minds of America have their offices — and they have developed the most effective way to sell ideas through advertising that any country has ever known. They have contributed greatly to American prosperity and full employment. America needs more "Madison Avenue" knowledge and experience in "selling Americanism" to the rest of the world.

Eisenhower's kindness and spirit of personal friendliness were born in him 65 years ago. Nobody in Madison Avenue had to teach him how to be a gentleman in representing the government of the United States.

EVERYBODY KNOWS that the refusal of the Russians to agree to the proposals laid down not merely by the United States but by France and Great Britain led to the "failure" at Geneva, and by no stretch of partisan zeal can this be distorted into an American "failure." There are, of course, some critics who would prefer to hold Russia blameless if it only would fix blame on the President and secretary of state of their own country and win an election.

SINCE FOREIGN POLICY was an issue in 1952, Truman says it's going to be an issue in 1956. He is right about that. There are lots of things which the Truman administration did to bring about the loss of the mainland of China to the free world, including the promotion of Harry Dexter White after the FBI warned that he was involved in a Communist spy ring.

There were Communist stooges who misled our State Department on China policy. Much of the story has not yet been told, as, for instance, how America lost the truce in Korea and forced the Eisenhower regime to go ahead with an armistice agreement that was bad for the United Nations troops. Adm. C. Turner Joy in his recent book tells that sad story.

There are lots of international questions to talk about in the 1956 campaign, not the least of them being which party was responsible for the "mess" in foreign policy which the Eisenhower regime inherited.

## Star-Gazing

By DION HENDERSON

The outdoors can be fun for the whole family, even after the sun goes down, if you know how to read some of the stories in the stars.

There are all kinds of stories there — for the very young, the very old and those in between, for the wise and foolish, for the brave and for the rest of us. And if humility is a good thing for the human soul, then the stars can help you to it as you sit quietly at the bottom of the well of night and look upward into the awful reaches of space.

The stars were there for Jacob and for Job and for Saladin and Kubla Khan, the engineers of Ptolemy laid out the pyramids on star-taught patterns, the glory that was Greece made its gods immortal by seeing them in the sky.

And we have a little left of all these, if you know where to look. The stars that were called Al-Debaran and Fomalhaut and Mizar and Al-Tair by the desert kings still are known by those names. They're parts of the constellations that later preached a sermon to the emperors of Rome.

Start like this with your reading: face the north and find the most familiar pattern of all, the one young Americans call the Big Dipper and that old Americans, like the Romans, called the Great Bear. Line up the two stars that form the outside edge of the dipper and follow them as pointers, and you will find the navigator's star, the icy fire of Polaris.

This, the North Star, everyone who wanders beyond the sight of home should know, for it is far more accurate than a compass. Polaris moves only a single degree, barely twice the diameter of the full moon, in its 24-hour swing.

Polaris also is the alpha star, the bright spot on the tail of the Small Bear, or the Little Dipper. And about the same distance from Polaris, opposite the Big Dipper, is the W of the constellation called Cassiopeia. The Big Dipper and Cassiopeia revolve around Polaris each 24 hours, like a bear chasing something or vice versa. There's a story for you to look up.

To help you along, Polaris is visible to you at the same degree in the sky as the latitude from which you are watching. At the equator, for instance, it is on the horizon. At Miami, it is at 26 degrees, at Chicago and Boston 42 degrees, at Seattle, 48.

Now turn a little. High to the West is the constellation of Her-

cules, and you may remember enough of that story without looking it up. Just below is Corona And straight above at Zenith passes the star that the tribal chiefs in time when Egypt was young called Deneb. It is in the top of the cross of Cygnus, a story hundreds of years ago.

Eastward now, is Pegasus, whom you surely know, above Andromeda, and east too is Perseus — you remember him, as Alexander did — and the Pleiades. (Name the seven sisters, if you're so smart, Dad.) The sisters are just above Taurus, the bull in the Zodiac, and that is where you find Al-Debaran, a star of the first magnitude.

To the South, you may find Fomalhaut burning in Piscis Austrinus, just above the horizon and southward also is Al-Tair, where the Archer meets Aquila.

And there is a star for you on the stories in the stars. They must be pretty good, because they've been around a long time.

## Attacking The Educational Problems

By JAMES MARLOW

WASHINGTON (AP)—The men and women taking part in the President's White House Conference on Education opening today would like to think it will do good. Will it? Or will it be just a lot of people letting off steam?

The delegates include educators, labor, farm and civic leaders, businessmen and clergymen. They may, in spite of their varied views on how to get more schools and teachers, reach some majority opinions without explosions. But they still seem to face a triple problem of time, politics and money.

This conference has had a build-up for almost two years, a lot of fanfare, and countrywide interest. President Eisenhower proposed it in a message to Congress Jan. 7, 1954.

Then he created a committee of 34 men and women to advise him on what the government should do about the country's educational needs.

Since then, and at the committee's suggestion, all the states and territories have had their own conferences to discuss what they thought needed to be done.

Reports on all those states' conferences were supposed to be sent to the committee. Not all of them have arrived yet. Only about five states took the trouble to print and bind their reports.

This writer saw them and the unbound reports in the committee's files. Some of those unbound ones appear so disorganized that — if they are a true reflection of what happened at the state conferences — those conferences must have been chaos.

There is disagreement among the states, and within the individual state conferences, on whether the states should have federal aid. That question—federal aid to education—will probably be the most explosive at this conference.

Meanwhile, state officials—governors and educators—appointed delegates to this convention. They didn't necessarily have to be the same people who took part in their states' conferences, and some of them apparently don't have to be guided by what their state conferences agreed on.

When this conference finishes up Thursday, its reports on recommendations will be turned over to the President's committee. That committee doesn't have to be bound by the action of this conference.

This is where the time element enters. The 34-member committee which Eisenhower created to advise him doesn't meet to decide on recommendations until Jan. 16. But probably before then—perhaps in the first 10 days of January — Eisenhower will send his State of the Union message to Congress, a natural vehicle for any recommendations he wants to make on education.

He could hardly make any specific recommendations unless he had been informed long before the committee's Jan. 16 meeting what its recommendations were likely to be.

But if he makes specific recommendations before he gets the committee's report, then a question

arises: Why the committee at all and why the conferences?

He could speak in general terms about education and later, after getting the committee's recommendations, send a special message to Congress on education.

But apparently no matter what this conference or Eisenhower's committee recommends on federal aid to education, that subject will be up to its neck in politics anyway.

The Democrats run Congress. Sen. Lyndon Johnson of Texas, Democratic leader in the Senate, said a week ago his party would push for federal aid to education. If Eisenhower asks for federal aid, plus other things, he'll be dealing with Democrats in an election year. They'll have ideas of their own, no doubt.

But any proposal on federal aid will run smack into the Eisenhower administration's economy drive. The Republicans want to cut expenses and balance the budget in 1956, an election year.

## If He Had 20 Million

By HAL BOYLE

NEW YORK (AP)—John Huston, a zestful fellow who plays at his work and works at his play, believes he would live longer if he had 20 million dollars.

The lanky film director, who recently completed a four million dollar version of Herman Melville's whaling classic, "Moby Dick," said he wouldn't quit movie making even if a leprechaun suddenly showered 20 million on him — an amount Huston feels would enable a man to live graciously.

"I wouldn't retire yet," he remarked. "I look on making pictures as play. To me it's fun."

"My real occupation in life is fox hunting—and shooting."

"But with 20 million I'd find time to do more of the things I haven't got around to. I shot a tiger this year, but I'd like to go back to India and spear a wild boar from horseback. I haven't done that yet."

Here is how Huston, a man who loves simple elegance, would live if he had that 20 million:

"I'd have a castle in Ireland and be a master of hounds in some Irish hunt. It's a paying job, but you do the paying yourself."

"I'd have a shooting box in Austria, a salmon stream in Scotland, a stud farm in Kentucky, a racing stable in France."

"I'd have my own DC3 plane, so I could fly to India, Africa or Alaska, according to the season or my inclination."

"I'd continue living in Ireland, as I do now, because it's a convenient place for one who likes to push around the parade ground of the world. I'd buy better paintings than I can afford now — a Rembrandt or two, a few Goyas, and some Piero Della Francesca's."

"I'd have a half dozen houses. One in Madrid, certainly, one in New York, and several apartments in Paris. No, I wouldn't bother to have a house in Hollywood. I'd stay with friends there."

It would be a merry, merry life, and — in Huston's view at least — a long one.

"I'd never know a moment of boredom," he said. "Life is far too short to be come boring. My life span would probably be lengthened. It's only trying to make 20 million that cuts short a man's years, spending it would be healthy."

Huston may never achieve 20 million in the bank, but he does

have a way of making his dream come true.

His latest picture — the 14th of his career — is an example. At the age of 21 he read and was deeply stirred by Melville's tale of the mystic white whale. He decided some day he would film it.

Twenty-eight years later he has achieved the goal. He had earlier hoped to make the film with his father, the late Walter Huston.

"After my father's death," he recalled, "I put away the idea and thought I would never come back to it. But I did. I worked three times as long on it as I did on any other picture, and I think even the college professors will agree I stuck close to the spirit of Melville."

Gregory Peck is starring as Ahab, but some 20 artificial whales played the role of Moby Dick, the white whale Ahab pursued.

"They ranged in size from 6 to 120 feet," said Huston. "Some were hydraulic controlled, some had pneumatic controls, some had electronic controls."

"Some worked marvelously well out of water but were no good in water. Some were almost complete failures. But they all served a purpose. It was a terrific technical problem."

Two of the gigantic home-made monsters — each costing about \$20,000 — broke their haws at sea and never were found. Presumably they are somewhere wallowing beneath the ocean waves, frightening the innocent denizens of the depths.

Anyone who finds either of the whales presumably is welcome to it. Huston is done with whales for this lifetime.

## Once Over

By H. I. PHILLIPS

## A Bird Gets The Bird

Our Thanksgiving dinner was a disturbing one. We went overboard on the dressing, fell asleep immediately after the pudding and encountered an enormous bird deeply agitated and blaming everything on the United Nations. The bird sat on our chest and squawked that, as a spokesman for all turkeys, it had tried to get the U.S. to intercede. "How could the U.N. intercede?" we asked. "Bub, if Thanksgiving turkeys aren't victims of aggression nobody is," it wept.

"I TRIED TO GET my case before the Security Council as a clear matter of ruthless partitioning," the bird continued. "If you don't think turkeys were partitioned look at today's platters." We asked what the Council did. "It deferred action pending a study of procedural rules, charter revisions and the possible effect of action on the cranberry, turnip, mashed potato, celery and table wine situation."

"Did you see Henry Cabot Lodge?"

"Yes, but as a New Englander whose ancestors were committed to traditional turkey dinners he felt he could not help us."

"How about the Western bloc?"

"Don't mention a word like bloc or block to a turkey!" wined the bird.

"DID YOU CONTACT India for support?" "Krishna Menon said he was a friend of birds but would have to abstain until after the turkey dinner season. I talked with the Russian and Polish delegates, and they made immediate speeches saying they alone were friends of turkeys and baring our plight on Eisenhower, Dulles, Valley Forge, Bull Run, Wall Street and General Motors."

WE NOTICED THAT the turkey on our chest had no feathers on it. "Lost 'em before I had been inside the U.N. building a half hour," it explained. "Also lost a leg in the elevator to a delegate who said he wasn't going to get stuck with a wing this year."

"To sum up, you didn't get any help anywhere in the U.N.?" we suggested.

"The Committee on Avoiding More Trouble suggested that a resolution protecting turkeys by substituting turkey livers in Thanksgiving meals," the bird said sadly. "Well, there's only one thing a turkey can do now — make an AGONIZING REAPPRAISAL!" groaned the bird.

NEW HAVEN RAILROAD is having so many mishaps and deays that commuters now call it the New York, New Haven and Heartbreak. Just met a fellow who knows where he can buy a home for only twice as much money as he ever expects to have.

Friend of ours at recent Yale-Harvard football game in young blizzard left early explaining, "I disqualified myself for coming with only ONE FLASK."

"There is no such word as moderation in the Democratic 'vocabulary.'" — Gov. Harriman. (We thought we detected something lik e it in Ave's attitude toward compulsory auto insurance.)

The smartest Thanksgiving dinner host we know used a carving knife replete with band aids.

Salem Saxon Chorus Presents Concert

Choral numbers, a comedy pantomime, narrated by Fred J. Theiss, and duets, sung by Mrs. Frank Diehl, and Michael Stumperth, were features of a concert presented by the Salem Saxon Chorus Saturday evening at the Saxon Club. Mrs. Daniel Weber is director of the chorus.

Tuesday night's rehearsal has been cancelled but a short business session will be held Dec. 6. A Christmas party and gift exchange will follow the meeting.

But Truman, who arrived here Sunday, denied making the statements. A spokesman at the Beverly Hills home of oilman Edwin Pauley where Truman is staying, quoted the ex-President as saying he "would never speak in any such way of anybody holding the office of vice president."

Questioned By Reporter  
Both newspapers said the quotes were Truman's response at the airport when reporters asked what his reaction would be to Nixon becoming the 1956 Republican candidate for president.

The spokesman quoted Truman as saying he said instead: "You know how I feel so don't talk to me about Mr. Nixon."

Truman arrived by plane from Seattle to address a \$100-a-plate banquet tonight to raise funds for the Truman library, now under construction at Independence, Mo.

Stevenson Attacked  
Reporters also asked Truman if he had any comment on the Denver speech Saturday night by Gov. G. Mennen Williams of Michigan in which Williams attacked Adlai Stevenson's plea that the Democrats use a "moderate" approach to national issues. The governor said Democrats would be "guilty of the most craven cowardice" if they allowed the presidential campaign to "degenerate into a spineless and self-defeating formality."

Truman said with a grin: "That's good. That's the way Democrats are. They have opinions and they speak their minds."

Three Motorists Draw Fines In Court Here  
Three motorists were fined a total of \$95 and costs by Mayor Dean Cramer over the weekend for recent traffic violations.

Harry McBride Jr., 27, of Columbiana, arrested by state patrolmen on Route 14 last Thursday for speeding, after being clocked at driving 100 m.p.h., was fined \$50 and costs Saturday.

Also fined Saturday was Bode L. Greathouse, 63, of RD 1, East Rochester. Greathouse received a fine of \$10 and costs for failure to yield the right of way on Route 62 Tuesday.

Fined \$35 and costs in traffic court Sunday afternoon for reckless operation was Arthur W. Wilson, 30, of Alliance, arrested by patrolmen on Route 62 at 1:50 a.m. Sunday.

Deer Causes Traffic Crash Near Lisbon  
Two airmen were slightly injured in a collision Sunday when their auto hit a deer on Route 30 near the city limits of Lisbon.

The deer was struck by another vehicle and then thrown in front of the airmen's car, striking the windshield. Injured were Howard R. Richmond and Neal Holt, both of Pittsburgh, who were returning to an Air Base at Parkridge, Ill.

Richmond suffered a possible head injury and Holt lacerations and bruises. They were treated at Salem City Hospital.

The deer was taken to a Lisbon grocery where it will be dressed and given to Highlandtown School to be served in the cafeteria.

Pennsylvania Railroad Loses \$1,000 Law Suit  
LISBON — A "wrongful death" case, believed by counsel for the plaintiff to be the oldest of its kind in the nation, was returned by a Common Pleas Court jury this morning upon a directed verdict by Judge Joel H. Sharp in favor of the plaintiff against the Pennsylvania Railroad. The plaintiff was awarded \$1,000.

The case, listed on the court docket as Mary M. Walker, administratrix for the estate of Jesse J. Walker, deceased, vs. the Pennsylvania Railroad, had been in the courts since 1935.

Jesse Walker was one of four Enon Valley, Pa., men who were killed April 27, 1935, when their car was struck by a train at the Pennsylvania Railroad crossing on N. Market St. in East Palestine.

The other men were Carl H. Renner, Omar W. Renner and William T. Renner. Their cases were disposed of sometime ago.

In Lisbon Court  
LISBON — Sanford M. Hill, 70, of Lisbon, cited Oct. 30 by the state patrol for failure to yield the right of way, was fined \$10 and costs Saturday by Mayor Wilbur Warren. He pleaded not guilty.

A hearing set for Saturday for Dr. A. S. Rumreich of Lisbon, Columbiana County health commissioner, and Fehrman Baker Jr. of

back and bruised knees. He was treated by his family physician. Damage to both vehicles was slight according to patrolmen.

William Crowe, 21, of Lisbon, driving his car west on County Road 440, 11 feet south of its junction with Rt. 14, at 9:05 p.m. Saturday, failed to negotiate a curve, causing the auto to go off the right side of the road and turn over.

Considerable damage was sustained by the auto, patrolmen said. Crowe was cited for reckless operation.

Girls Escape

found them, with Ruth Beichler, 17, and Shirley Shingler, 15, shivering without coats near a restaurant. He advised all of them to surrender and took them to the Cain girl's home, where her brother gave them the same advice.

En route to police headquarters, two of the girls balked, an left the car at a skating rink near Route 224.

The fifth girl, Mrs. Zelda De Cost, 16, had parted company with the others as soon as they left the detention home.

Today Sharon Misuia, 15, of Barten, told police that last Saturday she pretended to be the matron while the five girls rehearsed their escape attempt. They grabbed her and bound her. She said that although she helped in the rehearsal, she had no intention of joining the flight.

From four other girls left behind in the dormitory, police learned the escapees got the matron to unlock their door by asking her to bring them a scarf one had left downstairs.

When the matron entered the dormitory, the five attacked her and bore her to the floor where they bound her. The belts were tied so tightly that another attendant, Dorothy Mason, was unable to loosen them. A male attendant, Ralph Roebuck, 29, finally cut the belts with a knife.

Roebuck heard the scuffle overhead while he was supervising a group of 29 boy inmates as they watched television in a recreation room. He found the five girls crawling out the smashed window, but did not chase them, fearing the boys would try to escape, too.

Investigation showed the girls had taken Mrs. Bonham's keys and tried to use them to unlock a first-floor door in the home. A key broke off in the lock, however, and the girls ran to the basement where they grabbed a shovel and broke the window.

Winona-Butler Fire Department To Meet

Wellsville Police Nab Holdup Suspect  
Wellsville police Sunday morning captured Fred H. Cornell, 53, former Wellsville resident with no permanent address, after he allegedly held up the Rowen Oil Co. Service Station at 3rd and Broadway in Wellsville at 10:40 a.m. Sunday.

After the gunman got away with the money, about \$200, the attendant, Dick Lloyd, called the police and Cornell was captured a block and a half away by Patrolman Harry Hurd, police said. Cornell, who had \$200 on him but no gun, will be arraigned today before Mayor William J. Shoub on a charge of robbery, police said.

Teams Make Selections In Player Draft  
PHILADELPHIA (AP)—The Pittsburgh Steelers won the National Football League bonus choice today and surprisingly picked quarterback Gary Glick, a comparative unknown from Colorado A&M College.

Dan Rooney, 23-year-old son of Pittsburgh owner Art Rooney, made the lucky draw for his father's team.

Glick was selected for his all-around strength, especially on defense. Glick was first in the nation last year in pass interceptions and ranked fifth in yards. He was only 16th in the nation in passing last year.

Glick led Colorado A&M to the Skyline Conference championship this year. He is an all-conference quarterback.

San Francisco and Detroit, tied in the league standings, tossed a coin to see which team made the first pick in the regular draft. The 49ers won and selected Earl Morrall, the brilliant quarterback of Rose Bowl-bound Michigan State's multiple offense. Morrall, among the first 10 in the nation this year in total offense, accounted for 1,047 yards on 115 plays, evenly divided between passing and running. He is the nation's leading punter with a 42.9 yard average.

The Lions then drafted Howard (Hopalong) Cassidy, the Ohio State flash who on 161 carries gained 958 yards for the Big Ten champions. Cassidy, a power runner, also is high on the nation's list for total offense. He scored 222 points in his three-year varsity career, including 15 touchdowns this season.

The Philadelphia Eagles then came up with Bob Pellegrini, University of Maryland center. Pellegrini, a 63 225-pound native of Yatesboro, Pa., is rated by the experts as one of the finest all-around centers in college football.

The rest of the first round went this way: Pittsburgh grabbed Art Davis, Mississippi State halfback; the New York Giants named Joe Marconi, West Virginia back, who immediately was handed over to the Los Angeles Rams as part of a previous deal; the Chicago Cardinals took Joe Childress, Auburn fullback; Green Bay selected Jack Losch, Miami back; Baltimore drew the fleet Penn State open field runner, Lenny Moore; the Bears took Menen Schriewer, Texas end; Los Angeles picked Charles Horton, Vanderbilt quarterback; Washington took Ed Vereb, Maryland halfback, and the Cleveland Browns took Preston Carpenter, Arkansas halfback.

ed to 1,780 in 1954. In addition to city water mains installed, a total of 14,024 feet of pipe was installed in the Sunset and Bricker additions during the year.

Treatment by the department has decreased the water hardness average 3.4 grains per gallon, or from 8.9 grains per gallon in 1954 to 5.5 g.p.g. in 1955, Hayes said.

However, cost of chemical treatment of water has decreased 89 cents per million gallons treated. In 1954 the cost was \$11.39 per million gallons treated, as compared to \$10.50 p.m.g. treated this year.

## Miss Lois Firestone Becomes Bride Of David James White

The sanctuary of the First Baptist Church formed the setting for the wedding nuptials of Miss Lois Ann Firestone and David James White Sunday afternoon.

Rev. R. J. Hunter officiated at the double ring ceremony before an altar decorated with palms, ferns and vases of white carnations, snapdragons and pompons. Miss Firestone is the daughter of Mr. and Mrs. Howard E. Firestone of Albany Road, and Mr. White, the son of Mr. and Mrs. Paul White of W. 16th St.

An interlude of nuptial melodies was presented by the organist, Marshall Bailey. He accompanied the soloist, Mrs. Larry Miller, who sang "I Love You Truly," "Because" and "The Lord's Prayer."

The bride, who was given in marriage by her parents, appeared in a gown of slipper satin, fashioned with a portrait neckline outlined by tiny seed pearls and sequins. The gathered skirt ended in a chapel train. Seed pearls and sequins adorned the headpiece which held her veil of illusion. She wore a single strand of pearls and carried an arm bouquet of white pompons and roses with ivy streamers.

Identical gowns of deep purple crystalettes were worn by the matron of honor, Mrs. Francis Lanney of Salem, sister of the bride, and the bridesmaids, Miss Rosalie Gondek of Garfield Heights, Miss Mary Ellen Waldeck of Warren and Mrs. Samuel Wang of Cleveland. Their gowns were designed with portrait necklines, cummerbunds and full skirts. They wore matching purple velvet veiled hats.

White pompons and pink roses formed the arm bouquet carried by the matron of honor. The bridesmaids carried colonial bouquet of the same flowers.

Miss Nancy Carlson of Salem, cousin of the bride, was flower girl and wore a full length dress of light lavender taffeta. Her dress featured a cummerbund with a sash extending to the floor. She wore a headband of lavender pompons and carried a tiny colonial bouquet of lavender pompons and white roses.

Robert Seaton, brother of the bride, served as best man. Robert Hinchliffe, Robert Lepping, Ralph Firestone, brother of the bride, and Francis Lanney, brother-in-law of the bride, all of Salem, were ushers.

For her daughter's wedding, Mrs. Firestone was attired in a light blue faille dress with light blue accessories. Mrs. White wore a pink faille coat dress with pink accessories. White rose corsages complemented their ensembles.

Mrs. Fred Carlson of Columbiana, grandmother of the bride, wore a royal blue dress, while the bridegroom's grandmother, Mrs. William F. White of Salem, was dressed in a pink dress. Both wore pink rose corsages.

Guests from Cleveland, Youngstown, Columbiana, Columbus, Athens, New Waterford, Leetonia, Warren, Canton, Struthers, Chardon, Virginia, and Pennsylvania attended the reception in the church social rooms.

A four-tiered wedding cake topped with a miniature bride and bridegroom, centered the bride's table which was laid with a white linen cloth. Tapers in silver candleholders and bouquets of white snapdragons, carnations and pompons enhanced the table.

Mrs. William J. White, sister-in-law of the bridegroom, and Mrs. Charles Bricker cut the cake while Mrs. Walter Carlson of Columbiana, aunt of the bride, and Miss Mary Ann Troup of Pleasantville poured. Mrs. Henry Lieder presided at the shrimp table which was decorated like the bride's table.

Miss Susanne White, sister of the bridegroom, and Miss Linda Carlson, cousin of the bride, registered the gifts. Miss Athena Armatus of Canton was in charge of the guest book.

The bride is a graduate of Salem High School and received her bachelor of science degree in journalism from Ohio University. She is employed as a reporter for The Salem News. A graduate of Salem High School, the bridegroom is employed as a printer at The News.

Mrs. White wore a black wool dress with matching coat and black and white accessories, when the couple left on a honeymoon trip to New York City.

Upon their return, they will reside in their new home at 906 E. Sixth St.

Mr. and Mrs. Paul J. White were hosts at the rehearsal dinner Saturday evening in the Spruce Room at Timberlaine, when the bridal couple presented gifts to their attendants.

White tapers and a centerpiece of white fringed chrysanthemums and pink carnations decorated the table laid for 19 guests including the bridal party and the bride's parents.

## Miss Kay Windle Feted At Shower

Miss Kay Windle was honored at a bridal shower Friday night at the home of Miss Dorothea Wright of S. Union Ave. Former classmates of the bride-to-be were guests at the party.

The honoree broke balloons to find clues telling where her gifts were hidden. Games and contests were enjoyed and prizes went to Mrs. Carson McNeely, Mrs. Richard Schwartz, Miss Carrie McFeeley, Miss Wendy Townsend, Miss Ruth Rae Moutz and Miss Barbara Whitacre.

The refreshment table, set with pink and white appointments, was centered with an oblong cake decorated in pink and white with the inscription, "Best Wishes Kay."

On the mantel were a floral arrangement and two dolls dressed to represent the bride and Miss Wright, who will be maid of honor at the wedding.

Miss Windle, daughter of Mr. and Mrs. Charles Windle of RD 2, Salem, and William Frederick Schwartz, son of Mr. and Mrs. Michael Schwartz of W. 10th St., will be married Dec. 3 in Holy Trinity English Lutheran Church. Music will start at 7 p.m. and the ceremony at 7:30 p.m.

Richard Schwartz, brother of the bridegroom, will serve as best man. Miss Windle has chosen Patty McArdor for her flower girl.

This real western stage can be partially taken apart and then put back together again.

Robot is big version of remote-controlled toy Judy holds.

**THIS PICTURE STORY IS FOR KIDS ONLY!** Adults (that includes parents also) can do something else instead. Now that they're out of the way, boys and girls, let's see what Santa Claus has in store for us if we have been good all year. When he comes, he may bring a sports car assembly kit with a car that has battery-operated headlights or maybe a tennis game with inflated plastic racquet and ball. Under the tree, he may even put a mechanical mixer like Mommy uses in the

kitchen to mix cakes. There's a police car complete with guns, camera, telephones, binoculars and map table. The girls will go for a magnificent collie made with fur that's so realistic it's hard to tell from the real one. How about a doll that comes with her own toothbrush and hair which can be washed and combed? Well, there's a fire truck with a portable searchlight. For model builders, Santa may bring a 184-piece set of the world-famous luxury ship, the United States, to put together.

Wall phone (left) doubles as a bank and has a coin return, her doll has its own toothbrush (center) and she likes grownup cooking and bake set.

# Offense Shines As Browns, Giants Battle To 35-35 Tie

## Late Field Goal Try Is Blocked

Graham Gives Superb Shows Of Passing

NEW YORK (AP)—A blocked field goal attempt held the Cleveland Browns to a 35-35 tie with the New York Giants yesterday and while the Cleveland lead in the National Football League's Eastern Conference to half a game.

Only 25 seconds were left in the free-scoring contest when the Browns called on their ace place kicker, Lou Groza, for a field goal that would have meant victory. With the ball on the Giants' 14, Groza stepped back to the 21 for the boot.

But Ray Krouse, 260-pound tackle from Maryland, barreled through and leaped to bat the ball to the ground where New York's Emlen Tunnel recovered on the eight.

Krouse and guard Ray Beck had teamed to block another field goal try by Groza early in the second period.

Playing before 45,699 at the Polo Grounds, the teams tied the score four times—at 14, 21, 28 and 35.

Cleveland quarterback Otto Graham put on a superb passing show, throwing for three touchdowns and setting up another with a run.

The Giants used two signal-callers as Don Heinrich piloted their first two touchdowns and Chuck Conerly took over in the third period with Cleveland ahead 21-14.

Each club scored 14 points in the wild final period. Giant Ben Agajanian and Groza converted after every one of the touchdowns.

A Cleveland fumble set up the opening score for New York early in the first period. Horace Gillion, back to punt, dropped the ball and Harland Scarce recovered on the Cleveland 29. A pass carried to the two and back Alex Webster plunged a yard for the touchdown.

In the second period the Giants marched 70 yards, with Bobby Epps plunging 14 yards through the line to put New York ahead 14-0.

Graham started to turn the tide as he passed 15 yards to Darrell Brewster in the end zone to wind up a 91-yard drive with less than a minute in the half.

In the third period Cleveland moved ahead as Graham threw a 42-yard touchdown pass to Ray Renfro and then tossed another 41 yards to Brewster.

The Giants tied it up when Ed Price ran 20 yards to the goal and fumbled, but Bob Schnelker recovered for the score.

As the last period opened, Conerly passed 16 yards to Kyle Rote to send the Giants ahead. Cleveland tied it up again as Graham's 43-yard pass to Renfro carried to the 17, Graham ran to the one and Ed Modzelewski bucked over the goal.

At that point Chuck Noll intercepted a Conerly pass and ran 14 yards for a touchdown. But the Giants roared right back as Conerly shot a 23-yard rifle pass to Frank Gifford, standing all alone in a corner of the end zone.

**TOUGH SLEDDING** — Chicago Cardinals halfback Jim Carr (24) picks up five yards before being brought down by Chicago Bears end Doug Atkins (81) on the slick turf at Comiskey Park in Chicago. Action came in first period. The Cardinals overwhelmed the highly-favored Bears, 54-14, as the cross-town rivals battled in a swirling snowstorm.

## Cardinals Wreck Bears' Hopes, 53-14

By JOE MOOSHIL

CHICAGO (AP)—"When you're a Cardinal, part of the job is beating the Bears," said veteran halfback Charley Trippi after the Chicago Cardinals had trounced their cross-town rivals, 53-14.

Trippi might have added "in spite of the odds," but it wasn't

## Revamped Army Team Hits Grid Heights

WEST POINT, N.Y. (AP)—Army's upset victory over Navy, culminating another masterful job of personnel changes, today elevated Coach Earl Blaik and his Cadets to new heights in football achievement.

Saturday's 14-6 triumph over the Midshipmen at Philadelphia recalled the 1933 season, when an Army team with a remade lineup beat Navy 20-7.

The biggest change for Army this year was the shifting of Don Hollender, a great end in '54, to quarterback. He exploited a weakness on the right side of the Navy line, bringing the Cadets from behind after Navy had scored early in the first period.

Blak also moved Flay Goodwin from guard to tackle and back to guard, Dick Stephenson from center to tackle and All America Ralph Chesnaukas from guard to tackle to end. And Pat Uebel, who scored three touchdowns against Navy in '53 and one each in the past two games, played both of the halfback spots and fullback at one time or the other.

In the light of these moves, Army's 6-3 record was amazing.

The Army checkerboard lineup resulted from a lack of depth. Blaik pointed out today as he and the teams were toasted for their 29th victory over Navy. The Midshipmen have won 23 and four ended in ties.

## Pros Hold Football Player Draft Today

PHILADELPHIA (AP)—America's top collegiate football talent will be tapped by the pros today as the National Football League holds its earliest player draft meeting in history.

Commissioner Bert Bell will open the annual player selection meeting at 10 a. m. (EST) with the first order of business the bonus choice draw, an out of the hat contest with the winning team earning first crack at any eligible grid draftee in the nation.

Only Green Bay, Pittsburgh and the Chicago Cardinals will participate in the bonus draw since all other teams have won it since the plan was initiated in 1947, and are ineligible to try again until every franchise has made the luck selection.

## Iowa, Illinois Cagers Favored

Big Ten Season Opens This Week

By JOE MOOSHIL

CHICAGO (AP)—Wisconsin opens the Big Ten basketball season Thursday against Butler but all eyes will be on Iowa's defending champions who tangle with Nebraska Saturday in a nationally televised contest.

The Hawkeyes, along with Illinois, are favorites in the upcoming Western Conference campaign, which will begin after New Year's Day following warm-up tussles against non-conference foes.

Both Iowa and Illinois are loaded with veteran stars and are expected to unveil helpful sophomore talent.

Aside from the top contenders, the rest of the league is expected to engage in a free-for-all for top positions with one guess as good as another.

Iowa has four regulars returning but one of them — Sharm Scheuerman is a questionable performer because of a kidney injury suffered while playing touch football.

A mainstay in the Iowa championship drive last season, Scheuerman has not been working out with the team.

Still available, however, are Carl Cain, Bill Logan, Bill Seaberg and Bill Schoof who was handicapped last season with a knee injury.

Sophomores battling for starting spots are Tom Payne, Gene Pitts and Norm Paul.

Illinois, which had the best overall average among Big Ten teams last season but finished in a second place tie with Minnesota, is deep.

If 6-7 center Ted Caiazza can win a starting post, the Illini might jump out in front to stay.

Caiazza, however, will have to push out George BonSalle, one of Coach Harry Combes' top performers last season. Other holdovers are Capt. Paul Judson, Bill Altenberger, Harv Schmidt, Bruce Brothers and 5-9 Bill Ridley, often called basketball's best little man.

The Illini open Dec. 6 against Butler.

Minnesota moves into action against DePaul Saturday without the services of Dick Garmaker and Chuck Mencil, two of the Midwest brightest stars. The Gophers will rebuild around regulars Dave Tucker, Buck Lindsey and 6-11 Bill Simonovich who developed rapidly last winter.

Ohio State, with Robin Freeman back again, is expected to rebound out of the conference cellar. The Buckeyes plunged badly after Freeman was dropped off the team on doctor's orders. OSU opens against Butler Saturday.

Michigan State is the dark horse which could upset championship plans. The Spartans have Julius McCoy and Duane Peterson back and a lot of height in sophomores Max Gonsenbach, Larry Hedden and Chuck Benzie. Michigan State will start late, opening against Southern Illinois Dec. 13.

Indiana finished sixth last season despite the efforts of Don Schlundt, the Big Ten's most prolific scorer. The Hoosiers will be without Schlundt this year but have what could turn out to be the best crop of sophomores in the conference. Ohio University is Indiana's foe Saturday.

Michigan, Purdue, Wisconsin and Northwestern might turn out to be the laggards.

Michigan has Ron Kramer and Tom Maentz — a couple of all conference football ends — back and might fare a little better than the other three. The Wolves open in a tough on against Pittsburgh Saturday.

Wisconsin is without Dick Cable and Northwestern has lost Frank Ehmann and Hal Grant while Purdue will have to rebuild around Joe Sexs. Purdue meets Missouri Saturday and Northwestern goes against Western Michigan.

## Hill Denies Beating Irish Saved His Job

LOS ANGELES (AP)—Coach Jess Hill of the University of Southern California says he didn't think his job was in jeopardy even before his Trojans whipped Notre Dame 42-20.

"I am responsible to President Fagg and Southern California's board of trustees. As long as I can satisfy them, I know my job is not in jeopardy," the coach explained.

Some alumni elements were loudly critical of Hill after the Trojans absorbed four 1955 defeats, three of them in a row. Then came Saturday and the greatest USC scoring outburst ever against a Notre Dame team in the rivalry that dates back to 1926.

Coach Terry Brennan of Notre Dame believes the turning point came when Jim Contratto pitched a 38-yard pass to Jon Arnett, who went the final 26 yards for a touchdown on a 64-yard play that made the score 28-20.

Coach Jess Hill thinks it came when Paul Hornung missed the conversion after the second Notre Dame touchdown that left the Trojans leading 21-13.

Others believe it might have been that fourth-down pass play that gained 17 yards from the Irish 38 and kept the Trojans' first touchdown drive rolling.

Brennan and Hornung both had praise for Trojan Arnett, the game's top scorer with three touchdowns and five conversions.

Besselink, far behind Fairfield at the start of the final round in the 54-hole tournament, shot a three under par 69 to vault into a tie at 218. Fairfield blew a three-stroke lead on the last round.

Besselink, with birdies on the 17th and 18th holes, then fired another one-under-par on the first hole of the playoff to take \$1,000 in prize money. Fairfield received \$700.

Five pros and an amateur finished one stroke behind the leaders, shooting 219s. They were Clyde Usina Jr., of West Palm Beach; George Bigham, Kansas City, Mo.; Ed Furgol, St. Louis; Frank Stranahan, Toledo, Walter Burkemo, Detroit and the amateur, Martin Stanovich of Miami Beach.

Ohio State, with Robin Freeman back again, is expected to rebound out of the conference cellar. The Buckeyes plunged badly after Freeman was dropped off the team on doctor's orders. OSU opens against Butler Saturday.

## Basilio, DeMarco Box Wednesday

Another Savage Bout Expected

By The Associated Press

Los Angeles (AP)—Carmen Basilio and Tony DeMarco repeat their savage battle of June 10 when they meet for the second time Wednesday at the Boston Garden, their welterweight title match should be the "fight of the year."

Basilio won the championship from DeMarco at Syracuse, N. Y., in June, but now he must face rough and ready Tony in the ex-champ's home town. On the strength of his 12th round technical knockout victory five months ago, Basilio is rated a 9 to 5 favorite.

In the first match, DeMarco dazed Basilio in the first and third rounds, but was dropped twice in the 10th and was out on his feet when the referee stopped it in the 12th.

Both welters are solid thumpers who are converted southpaws. Basilio's left hook is his best weapon, a blow that dropped Kid Gavilan. DeMarco usually starts with a rush but tired in the late rounds. In his last start, DeMarco knocked out Chico Vejar in the first round.

The radio-TV fans will get a break with ABC scheduled to carry the 15-round match.

Billy McNeece and Tony Johnson, two strong light heavyweights who are willing to trade punches freely, meet Monday at St. Nicholas Arena in New York over the 10-round route (Dumont-TV).

They fought once before, May 9, to a 10-round draw.

Besselink, far behind Fairfield at the start of the final round in the 54-hole tournament, shot a three under par 69 to vault into a tie at 218. Fairfield blew a three-stroke lead on the last round.

# Half Of NFL Teams Still In Title Race

By RIP WATSON  
The Associated Press

Exactly half the 12 teams in the National Football League still have a chance for a title with only two weeks to go, and it's no wonder when you consider the goings-on in the pro football set.

Ever hear of a team favored by 16½ points getting whipped 33-14? How about a player kicking three field goals in the last quarter, the last one to win the game with 7 seconds to play? And when was the last time a pro kicking specialist saw two of his efforts blocked in one game, the second with the score tied and 25 seconds remaining?

All these things happened in the NFL Sunday and they left both conference races snarled.

The 16½-point favorites who got skunked were the Chicago Bears, who had taken the Western Conference lead with six straight victories. Their neighborhood rivals, the Chicago Cardinals, administered a 33-14 shelling which knocked the Bears right out of first place.

Taking over were the Los Angeles Rams, who had Les Richter on their side. He booted field goals from 17 and 10 yards out to increase Los Angeles' lead over Philadelphia to 20-7. Suddenly the Eagles struck for two quick touchdowns and it was 20-21 with 1:58 left to play.

The Rams took the kickoff and winged down the field on four straight pass completions by Norm Van Brocklin. Richter kicked his third field goal from the 26 and the Rams' 23-21 victory gave them a 6-3-1 mark compared to the Bears' 6-4.

The kicking specialist who had two tries blocked on him? None other than the Cleveland Browns' Lou Groza, who has kicked more three-pointers in the NFL than

any man alive. The second blocked kick left Cleveland with a thrilling 35-35 tie with the New York Giants and a 7-2-1 record in the Eastern Conference.

The Washington Redskins are right behind at 7-3 after their fourth straight victory, a 23-14 decision over Pittsburgh.

Baltimore jumped back into the Western Conference argument by beating San Francisco 26-14 and now has a 5-4-1 record. Green Bay, which bowed to Detroit Thursday, is still in it at 5-5.

Almost as amazing as the score in the Cardinals' victory were the statistics, which showed that the Bears gained only 25 yards by rushing. The Cardinals rolled up 301 yards on the ground, a normal Bear figure, and added 172 more by passing despite a snowstorm.

Dave Mann scored two of the Cardinals' touchdowns on runs of 19 and 61 yards. Ollie Matson also got two, plunging 1 yard and running 77 on a punt return, and Lamar McHan passed to Don Stoner twice for touchdowns, 28 yards and 7 yards.

## Hugh Devore Honored Despite Losing Season

DAYTON, Ohio (U-P)—Coach Hugh Devore, whose Flyers had only a 5-5 season, got a big surprise and a warm tribute between the halves of the Dayton-Villanova football game here yesterday.

The student council and the Flyers Club, a booster group, paraded Devore's wife and seven children onto the field after bringing them here secretly from their home at West Orange, N. J., for the wind-up of Devore's second campaign.

Dayton, behind 7-6 at halftime, came back to beat Villanova 19-7, snap a seven-game winless streak and end the season with 3 victories, 6 losses and one tie.

**GIRLS OF THE GRIDIRON**—In the annual girls junior-senior class football game at Bladensburg, Md., high school, near Washington, D. C., Sue Dunaj carries the ball 25 yards as she outdistances a would-be tackler. Sue's teammate, second from left, blocks off another junior bent on stopping the ball carrier. Sue's gain set up a touchdown which won the game for the seniors, 6-0.

## Senators Get First Pick In Player Draft

COLUMBUS, Ohio (U-P)—Washington had first pick of 3,184 eligible minor league baseball players today in the annual major league draft. All eyes were on the loaded farm rosters of the Brooklyn Dodgers and New York Yankees at Montreal and Denver, respectively.

The Senators earned the right by finishing last in the American League. As a "prize" for finishing eighth in the National, the Pittsburgh Pirates had second choice. Although the pool included 14 batting champions, 6 home run kings and 27 "bonus" players who once commanded fancy bonus checks, only a few were thought

worth a gamble of from \$2,000 to \$15,000.

Everybody was looking for pitching strength and the clubs with an early pick spent long hours Sunday night going over the list.

The price for a draft from open class Pacific Coast League is \$15,000. It costs \$10,000 to select from Class AAA International and American Assn. and so on down to \$2,000 from Class D.

## Tight Race Develops In Hockey League

With the Montreal Canadiens traveling in front at a fast clip and the New York Rangers and Chicago Black Hawks not too far apart in the battle for second place, the tight race for the fourth qualifying spot in the National Hockey League's playoffs has gone almost unnoticed.

A glance at the standings shows

Detroit and Toronto deadlocked for the position, each with 19 points. The Boston Bruins occupy the cellar just a point back.

The Leafs moved out of the cellar by beating the Wings Sunday night 2-1. Boston's slumping Bruins suffered their third shutout in four starts as they fell before the Hawks 6-0.

Meantime, the Canadiens rallied for two goals in the final period to tie the Ranger 3-3 and hold their 6-point advantage. Chicago trails New York by three.

## Sooners, Maryland Lead 20 Unbeaten

NEW YORK (U-P)—Top ranked Oklahoma and third ranked Maryland led 20 college football teams through an unbeaten, untied season.

They were the only major teams to come through unscathed as each chalked up 10 victories.

## Major Bowl Lineup Set

Auburn, Tennessee In Line For Gator Bid

By ED WILKS  
The Associated Press

The bowl picture was four fifths complete today, check full of veteran postseason performers, while the abstainers and the lesser lights of college football socked away their equipment until next season.

Only the Gator Bowl, among the five major attractions, is without a pairing. And the selectors are expected to make their move today, with Auburn and Tennessee leading the rumor list.

Except for the Rose and Orange bowls, whose programs are printed according to championship results in the Pacific Coast-Big Ten and Big Seven-Atlantic Coast conferences, the other bowl selections were completed after Saturday's games.

Here's the way they look: Rose (Pasadena, Calif.)—UCLA (8-1) vs. Michigan State (8-1).

Orange (Miami, Fla.)—Oklahoma (10-0) vs. Maryland (10-0).

Cotton (Dallas)—Texas Christian (9-1) vs. Mississippi (9-1).

Sugar (New Orleans)—Georgia Tech (8-1) vs. Pitt (7-3).

All four are set for Jan. 2. The Gator Bowl is scheduled Dec. 31.

Of the four completed bowls, six of the eight teams are among the top 10 in the Associated Press poll. The Orange Bowl has the cream of the crop, with first-ranked Oklahoma and third-ranked Maryland.

Mississippi and UCLA are the only two current selections never to have won in a major bowl. Both are 0-6-3.

## RAPS SUNDAY BUSINESS

CINCINNATI (U-P)—Conduct of commercial business on Sundays tends "to destroy the traditional establishment and designation of Sunday as a day of worship and rest," a group of Catholic men said yesterday. The Cincinnati Archdiocesan Council of Catholic Men resolved to intensify a drive against unnecessary business activities on the Sabbath.

SMARTLY PLANNED for flexible construction and flexible use, this house can be built with or without basement. Designed with a full basement, to make use of the economical storage space afforded under the house, with an outside cellar entrance for garden storage, this plan is easily adaptable to basementless construction. Basement stairway space can be merged with the kitchen for added storage and a heater room can be provided in the deep garage adjacent to the chimney. This is plan M-9475AP by Rudolph A. Matern, architect, 90-04 161st St., Jamaica 32, N. Y. The house covers 1,376 square feet, exclusive of garage and porches.

## How To Take Care of Your Potted Plants

By HENRY FREE  
Written for NEA Service

Each year a great many new members are added to the already large clan of indoor gardeners. Because of this, many garden columns and magazines seem loaded with information on how to grow house plants, a mystery to the beginner but easy for the experienced.

When to water a plant is often a problem for amateurs. Test the dryness of soil by tapping the outside of a clay pot with a pencil or your knuckles. If it makes a dull sound, the soil is still moist. If there's a sharper, hollow sound, the pot needs watering. You can also tell by crumbling the soil with your fingers whether it is dry.

Foliage plant roots will be much

healthier if they are watered only when necessary. They must never, however, be allowed to dry out. When you water plants, water thoroughly with tepid water, not just the top.

Don't let surplus water stand in the saucer under the pot for more than an hour. The plant has all the water it wants and the surplus will make the soil soggy and rancid.

Plants need less water on cloudy days than on sunny ones. They also dry out quicker in summer than in winter.

Foliage plants usually require water only about twice a week, unless their pots are small. Blooming plants require more water. Plants with thin leaves, such as caladiums often need more water than the thicker-leaved ones like sansevieria.

Don't let a hard crust form and stay on top of plant soil, because it keeps out air. Use a fork or similar article to loosen soil, but don't push it more than half an inch deep.

When removing a plant from a pot, be careful not to injure its roots. If the ball of earth is moist, roots won't cling to the pot's sides. Spread the fingers of your left hand around the plant to the rim of the pot. Then, invert the pot and tap or knock the top edge of it against the edge of the table.

**IT'S ODORLESS!**  
No painty smell, no pungent fumes. Paint indoors, even in bad weather when windows can't be open.

**IT'S GOT ALKYD!**  
Alkyd resins give it a lovely flat finish and super wearability. You never had it so good!

**IT'S SCRUBBABLE!**  
Not just washable, it's scrubable! The durability of enamel in a true "decorator" finish.

**ONCE OVER, THAT'S ALL**  
On most surfaces you'll get a good job with one quick, easy, fast drying coat.

**EASY TO PAINT WITH!**  
Do a smooth, professional-looking job the first time. Amateurs love it!

until it drops out into your hand. Sicking a table knife down the inside edge of the pot will loosen soil if it is not stubborn. When repotting the plant and adding fresh soil or potting mixture, be sure to leave enough space for water. Soil should be neither too loose nor too firmly packed.

Transplant only in the spring or fall, if a plant needs repotting. It is usually best to shift plants to pots just a size larger than their present ones.

Turn your plants around every few days, so that all sides of the plant may have a chance at the sunlight for even growth.

The chrysanthemum, when grown indoors, is one plant which may lose its leaves before it finishes blooming. By spraying the leaves with water every day, you'll prevent them from turning brown so quickly.

## Legion Post At Columbiana To Hear Service Officer

COLUMBIANA — C. S. McCulloch, county service officer of the American Legion, will speak at the meeting of Firestone Post in the Legion home here at 8 tonight. He will explain the procedure required to obtain veterans' claims and hospitalization.

In its "Gifts for Yanks Who Gave" fund campaign, Firestone Post will forward the week before Christmas the money collected. Robert Hart is chairman.

The post has already sent in a contribution of \$25. Last year, it raised about \$150 and Columbiana county was one of the largest contributors in the 10th Ohio district.

Past Commander Robert Patchen, 10th district chairman, is trying to make the district the top contributor in the state this year.

The mid-winter conference of the 10th district will be held in Columbiana Sunday, Jan. 15. Morning and afternoon sessions will be held in the High School auditorium. Breakfast and dinner will be served by the Ladies' Auxiliary of Firestone Post at the post home for the some 150 expected to attend.

ROTARIANS will hear this evening one of the exchange students of Rotary International, Maria Jose Lavaquial of Padua, Rio de Janeiro, Brazil, who is taking an English course at Kent State University.

Miss Lavaquial, a graduate of the College of Padua and the Catholic University in Rio, is 22 years old. She came to the U.S. last March 27 to remain one year. Her father and mother are directors of the College of Padua, and her father and brother are both past presidents of the Rotary Club of Padua.

Attorney John L. Hutson has arranged the program for 6:30 p.m. at Valley Golf Club.

AL PRIZANT of the Columbiana Iron and Metal Co., program chairman for the meeting of the Kiwanis Club at Heck's restaurant at 6:30 tonight, will present Tom Brennan of the Luntz Iron & Steel Co. of Warren, president of the Warren Junior Chamber of Commerce, who will talk on the scrap industry.

Columbiana stores will be open tonight and Friday and Saturday nights this week. Stores will remain open Wednesday afternoons until Christmas.

High School juniors cleared \$150 with their class play last week.

Home Builders class of the Methodist Church will have a private skating party at Kelley's Park, Wednesday evening.

Den mothers of Cub Pack 17, Boy Scouts, of the Presbyterian church will have a planning meeting at the church at 8 p.m. today. The November pack meeting will be held at the church at 7 p.m. Wednesday, when there will be uniform inspection.

## Leetonia

## Two Football Players On Tri-Loop Team

LEETONIA — Two local grid-ders won first team places on the 1955 Tri-county football team last week when tri-county head football coaches met at the Alliance Elks Club for the official balloting.

James Sevenich, Bears' co-captain and guard, along with junior center Louis Altomare, were selected as the best right guard and center in tri-county competition. Sevenich was also honored with the same position last year.

Other Coach Mancuso men who won acclaim were co-captain Leroy Bell, who was named as a second team back, and Don Gabriel and Rocco Gallo, honorable mention.

Sevenich, a senior, played his last game against Newton Falls.

Altomare, a center and converted fullback, was one of the two juniors honored with first team positions in this year's balloting.

DEBORAH CLASS of St. Paul's Lutheran Church will hold a dinner meeting at Heck's Restaurant at 6:30 Wednesday evening. A Christmas exchange of gifts and social time will be enjoyed at the home of Mrs. Joseph H. Hunt in Columbiana. The committee in charge of the program include: Mrs. Leland Helt, Mrs. Wayne Holloway, and Mrs. Albert Lewis.

Rebekah Lodge following the regular meeting Tuesday evening will have a gift exchange and birthday party. Members having birthdays during the months of October, November and December will be honored.

Mr. and Mrs. Ben Alter and son spent the weekend with his parents in Rochester, N. Y.

Mr. and Mrs. Thomas Harmon of Massillon, Mr. and Mrs. Spencer Seibrell and Mrs. Florence Owens of Alliance were Thanksgiving guests of Mrs. Mae Shontz and Mrs. Eva Ashley.

Mr. and Mrs. Charles Marado and daughter Barbara of Warren visited her mother, Mrs. Cecilia Reese on Thanksgiving.

## 100 Workers Resume Westinghouse Jobs

COLUMBUS, Ohio (AP)—Some 100 of the 4300 workers on strike at the Columbus Westinghouse plant returned to their jobs today in what plant officials called the start of a "back-to-work" movement.

Today marked the sixth week of the strike at the local plant. The IUE-CIO strike has been under way at 30 Westinghouse plants throughout the country.

Sheriff's deputies patrolled the plant area this morning and only one act of violence was reported at a point where pickets were on duty. One automobile—one of 24 which entered the plant with workers—had a window smashed. Three women in the car were unhurt.

Mel Harter, vice president of Local 746, IUE, said, "We're instructing everyone against violence..."

The company has promised work for those who cross picket lines, and the sheriff's office said extra deputies will be assigned to the plant to prevent possible disorder.

## Everett To Address Greenford Ruritans

GREENFORD — The Ruritans will meet Wednesday at the school cafeteria for a dinner at 8 o'clock. Walter Everett, export manager of the Deming Co., will be the speaker.

FRESHMAN MAYOR. Richard B. Bozman, 24-year-old Ohio State University freshman and mechanical engineering student, is shown in an OSU classroom after the Pickaway County Board of Elections had declared him a write-in candidate winner for mayor of Ashville, a town of 1,300. Bozman won over Ashville attorney Harry L. Margulis, 254 to 236 after a recount, the board held.

## Warren Praises Small Colleges

Calls Them 'Leaven' Of Higher Education

WILMINGTON, Ohio (AP)—The small college is the "leaven in the loaf of higher education," Chief Justice Earl Warren believes.

He told an academic convocation at Wilmington College yesterday that the small college is "doing a great job."

"The small college was the beginning of education in the United States," Warren said. "It came before the public schools and will ever lend its influence to this great country."

He said all citizens and students in particular should take a greater interest and part in government.

"Every generation either improves its government or lets it go backward," he said, adding that many governments have failed in the past "because they did not learn that a free government is not a form, but the spirit of the people."

The convocation was part of a three-day program dedicating Friends Hall, a new dormitory for 100 freshmen women.

The Quaker supported school conferred an honorary degree of Doctor of Humane Letters on the chief justice and an honorary degree of Doctor of Science on Charles F. Kettering, Dayton, Ohio industrialist and inventor. Kettering initiated a \$400,000 fund raising drive. Part of the proceeds went into construction of the new dormitory.

## Shoots Wife For Chilling His Books

CHICAGO (AP)—Rubin Thomas, 27, told police he shot and killed his wife Edith, 35, and wounded two of his stepchildren Sunday because they moved some of his books from their living room to a back porch.

"I don't like cold books," he told Police Sgt. Salvatore Canoneri after his arrest. He was held without charge.

The stepchildren are expected to recover.

## Funeral Set For 2 of Quads

Second Of Girls Dies Yesterday

BELLEVUE, Ohio (AP)—Double graveside services will be held today for two of the four quadruplet daughter born early Saturday to Mr. and Mrs. Martin Briel Jr. of Cleveland.

Diane, at 15 ounces, the smallest of the infants, died yesterday almost 24 hours after her birth.

Last to be born, she died after the largest of her sisters, Christine, who weighed four pounds one ounce had died Saturday after some 13 hours of life.

The two survivors "are doing as good as can be expected under the circumstances," said aides at Bellevue Hospital, where three of the infants were born. The first infant was delivered without a physician at the home of Briel's mother.

The 25-year-old mother, told of the two deaths, was reported "doing well." She had been expecting twins in January, and began giving birth without much warning.

Still unnamed are the two surviving babies, whose weight has been estimated at 2½ to 3 pounds. They remain in incubators.

Briel, 30, is a mechanical engineer working at the General Electric Co. in Cleveland. The couple has a 15-month-old son, James.

## Acquit Widow Of Slaying Her Husband

FORT WORTH, Tex. (AP)—A jury acquitted a 47-year-old blonde widow Sunday of paying a gunman to kill her wealthy oilman husband.

Mrs. Mary Clark placed her gloved hands over her face, wailed and fell onto the shoulder of her attorney Elvin Tackett after the verdict. Two friends helped her from the courtroom.

William P. Clark was found shot to death May 23, 1953, in his 22-room mansion.

A rifle was found 10 feet from Clark's body but a verdict of suicide was returned. The verdict was changed to murder after a bullet was found in the floor weeks later.

The state, which asked a life sentence for Mrs. Clark, built its case around statements of an ex-convict, Harry Huggins, who is under a murder indictment in the slaying.

Mrs. Clark married Clark in 1951.

Huggins told this story at the trial:

He and two other ex-convicts who later died in gangland slayings—Tincy Eggleston and Cecil Green—went to the Clark home for what he thought was to be a robbery. Eggleston shot Clark, and told Huggins that Mrs. Clark had offered to pay for the job. Later, Huggins saw Eggleston collect \$6,000 from a man and a woman whom he tentatively identified as Mrs. Clark.

Mrs. Clark's attorney, Tackett, testified that Huggins told him last spring that Mrs. Clark had nothing to do with the slaying. Another defense witness testified she was attending a funeral at the time of the alleged payoff.

Clark's estate was estimated at \$750,000.
